ROTOMOLD® FOOTLOCKER

Whether for military transit or a weekend camping trip, the Rotomold® Footlocker® from ECS Case delivers unrivaled protection. These rugged cases are designed to protect gear on the move. Weather and rough terrain are no match for our durable designs proven in military deployments worldwide. Factory direct and proudly made in the USA with quality you can count on.

These rotationally molded transit cases are completely modular in all dimensions. The first of their kind, these patented cases offer superior performance and the world's most advanced modular stackability. All Footlocker® Cases have

modular dimensions and unique stacking features molded into the top and bottom surfaces allowing these cases to securely stack. Molded-in inserts eliminate leak paths, keeping your equipment protected from the outside elements. This feature also helps prevent corrosion, as well as the collection of hazardous materials. All Rotomold® Footlocker® Transit Cases feature molded-in inserts which allow external hardware to be easily changed with a screwdriver. Stainless steel fasteners and molded-in inserts provide the strongest hardware attachments available today. Roadmold® Footlocker® Transit Cases have perfect 90° angle walls which maximizes interior volume and stacking efficiency.

IDEAL CUSTOMER:

- SOLDIERS DEPLOYING
- COLLEGE STUDENTS
- OUTDOORSMEN
- SPORTSMEN
- MILITARY

FEATURES:

- WATERTIGHT GASKET
- STACKING
- MEETS MIL-STD-810G
- COMES IN 11+ COLORS
- 2 REMOVABLE TRAYS
- PADLOCK-ABLE LATCHES
- AVAILABLE CASTER OPTIONS

MODULAR STACKABILITY OF ALL ROTOMOLD® CASES

Modular dimensions and unique stacking features moulded into the top and bottom surfaces of the cases allow these cases to securely interlock when stacked.

COMPETITOR'S ROTOMOLDED CASES DESIGNS ARE OBSOLETE

Rotomold® Modular Cases provide major innovations in transit case design that can't be matched by the designs offered by ECS competitors.

- Competitors' cases aren't modular. Non-modular cases weren't conceived as a family of related building blocks (similar to Lincoln Logs® or Legos®) that would need to work together. Competitor's cases don't incorporate a modular system of dimensions. Therefore, most rotomolded cases manufactured by competitors don't fit together efficiently.
- Competitor's cases of different sizes won't stack together securely because the stacking features of their cases aren't modular. Each of their case sizes has its own unique stacking rib design. Therefore, dissimilar case sizes, with dissimilar stacking rib dimensions, don't stack together effectively.
- Competitor's cases don't efficiently utilize the surface area of 463L military pallets. It's easy to stack a group of identical cases onto any pallet size, but combinations of different case sizes can only be effectively stacked onto pallets using the Loadmaster® modular system.

TOTAL PROTECTION FROM THE WORLD'S TOUGHEST ENVIRONMENTS

Rotomold® Footlocker® cases are ideal for military applications which require uncompromising protection from moisture, dust, sand and battlefield contaminants. These water tight cases provide protection from moisture, salt spray, sand and dust throughout the world's climate extremes. Each case has a water-proof gasket and an automatic air pressure relief valve. Impervious to fuels, oils and solvents, they can also be decontaminated if exposed to chemical warfare agents.

MILITARY GRADE

Rotomold® Footlocker® transit cases exceed the requirements of military specifications for transportable cases. Performance certification testing to MIL-STD 810 is routinely performed at ECS Case.

THE ECS DIFFERENCE	ECS ROTOMOLD®	COMPETITORS ROTOMOLD
Interlocking Stackability	Patented Loadmaster® Interlocking Stacking Pattern	Varies
Zero Draft Angle	Yes	No
Field Replaceable Hardware	Yes	No
Modular	Fully Modular	No
Standard Colors	11+	4
Payload	Up to 350 lbs.	Up to 150 lbs.
Size Options	150+	Varies
Fastener Inserts & Lid Hangers	Molded-in threaded inserts to eliminate leak and NBC paths	Riveted
Features	S/S Black Oxide Hardware, Ergonomic Handles, Air Valves, Gaskets	Varies
Options	Hinges, Casters, Lid Pouches, Locking Latches, Forklift RotoCubes, Custom Foam	Varies
